

## Mastery Learning Group Modern Slavery Statement

Modern Slavery recognises the injustice of forced or exploitive labour, such as inappropriate pay for goods or services. It also includes slavery, human trafficking, forced sexual exploitation and forced marriage. Mastery Learning Group's supplier (Plastafab, Western Australia) follows all the Australian requirements for staff employment. They assess Australian sources of raw materials annually, and overseas supply chains every two years to ensure the continuity of supply, machine maintenance and appropriate labour use in the manufacturing process.
